Remembrance Day

Jessica Martin - Blais

We honor Remembrance Day on November 11 at 11 am. This marks the date and time of the end of World War One. At 11 am we take two minutes of silence to honor the soldiers who fought in World War One (1914-1918), World War Two (1939-1945), The Korean War (1950-1953) and all of those who

have served since then. Over 2.3 million Canadians have served our country, and more than 118,000 have lost their lives. Ceremonies are held all over the country to honor those who have served, veterans are invited to attend them. Remembrance Day was first observed in 1919 by The British Commonwealth. At this point however, it was called Armistice Day. A couple of weeks leading up to and on Remembrance Day, people will wear poppies, which are often given out and asked for a voluntary donation to the veterans in Canada. The reason to why we wear poppies is because after World War One, they were the first flowers to grow on the battlefields. This also inspired the famous poem "In Flander's Fields" by John McCrea.

Locker Room Renovation

Ó K T & @ | a s a P æ | ^ Á

We recently interviewed Mr. Robinson about the new locker rooms. He told us that they would commence with the girls' changing room and that while the construction was going on, there would be a wall separating the boys' locker room, and that the girls would change there. He also said that there would only be 80 lockers and that means that you cannot keep your gym clothes in your locker all the time and that you must transport your gym clothes to and from gym class. He also said that the girls locker room will be accessed by the stairs in the hallway instead of in the gym. There will be a locker room for visiting teams too. Although the plans are made and ready to go, there is still no official date when the construction will start.

B.C.S VS R.R.H.S

On October 10th the senior girls played a soccer game here on the grounds of R.R.H.S. The game started close to 4:30pm. The girls of R.R.H.S did a wonderful job in defence and attack. The ball kept going back and forth almost the whole game. This game was very intense for R.R.H.S AND B.C.S. The final score was 0-0.

The girls had an amazing game versus B.C.S. We hope they keep going and have a great season!

The Life of a Grade Seven

Carl Coddington

Oh the life of a Grade Seven Student! For many of us this was a big change, going from our relatively small schools to a high school with all the complications. I myself got lost on the first day going to art. Sorry Miss. And then my lock broke on the third day, leaving me speechless. But a few good things came of it, I got another new lock, and that's just about all I can come up with. Many of us enjoy a certain subject way more than others. Music for Life, and we all have that favourite teacher that gives us candy when we're on time and quiet in class. But after all 6 hours here we get home and drown in homework, sometimes. But otherwise we enjoy after school activities like soccer or Lego robotics club. And that's the glorious life of some grade seven students.
