Outdoor Phys. Ed Classes:

Starting January 13th, if weather permits, our Physical & Health Education classes will take place outdoors in accordance with the joined schedule. To ensure students are comfortable and prepared, we kindly ask that they come to school with appropriate outdoor gear, including warm clothing, a jacket, gloves, snow pants, any suitable gear for outdoor activities. If you are missing some of the items, the PHE department has some extra gear, just in case !

Outdoor PHE classes provide an excellent opportunity for students to engage in fresh air, develop skills, and enjoy physical activity in a different setting. We will monitor weather conditions closely and make adjustments as needed to prioritize the safety and well-being of all students.

Thank you for your support in preparing your child for this transition. Should you have any questions, please don't hesitate to reach out to your PHE teacher.
